The Concept

Two Great Passions. One Unforgettable Week.

Why Sail & Bike?

Most island holidays force a choice: relax on the water or explore on land. Sail & Bike gives you both. Wake up to a new harbour each morning, then take to the island roads on two wheels before returning to the comfort of your catamaran at sunset.

Four Islands. Four Worlds.

Each stop along the Saronic Gulf offers its own character — from the car-free cobbled lanes of Hydra to the pine forests of Poros, the aristocratic elegance of Spetses, and the ancient temples of Aegina.

Your Island Itinerary

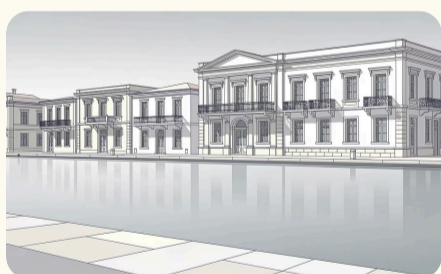

Hydra

A timeless island with no cars — only donkeys, cobblestones, and dramatic cliffside scenery. Perfect for cycling the quieter trails and waterfront paths.

Poros

Separated from the Peloponnese by a narrow channel, Poros enchants with its lush pine-covered hills and winding roads ideal for a morning ride.

Spetses

Known for its grand neoclassical architecture and vibrant sailing culture, Spetses rewards cyclists with scenic coastal circuits and hidden coves.

Aegina

Home to the magnificent Temple of Aphaia and famous for its pistachios, Aegina offers flat inland roads through olive groves and charming villages.
